

The Total Dining Experience begins with **SAP Business One**

Gastronomica is a leading, Kuwait-based restaurant operator with a network of 26 upscale dining establishments divided into 9 unique concepts across Kuwait, the KSA, the UAE, Oman, Qatar and Bahrain. When the company sought to integrate their data and processes onto a single platform, they relied on SAP Business One and the implementation specialists at Seidor. As a result, Gastronomica now enjoys more cost-efficient operations, streamlined workflows, a centralized company-wide data platform that seamlessly integrates with its existing dashboard, real-time data for enhanced decision-making and deliciously simple, one-click reporting.

Before: Challenges and Opportunities

- Seeking greater data accuracy and more reliable analytical tools
- Requiring an ERP capable of seamlessly integrating with existing dashboard and other systems
- Striving to consolidate data and processes for 26 restaurants under a variety of brands onto a single, more accessible platform

Why SAP Business One and Seidor

- Solution provides a flexible, integrated platform, accessible 24/7 from any device and any location
- Solution offers accurate, reliable, real-time information for instant reporting and better decision-making
- Partner dedicated, highly professional and well-respected throughout the region

After: Value-Driven Results

- Real-time data with 24/7 access from any device
- Increased cost-efficiency, notably for consumption levels and raw materials management
- Accurate, one-click reporting in real-time, especially useful for particularly for sales and cash positions
- Seamless integration with proprietary dashboard and other existing systems
- Streamlined data and workflow across the company's 5 departments and 26 restaurants

“SAP Business One helps to achieve on-time reporting, ensure accuracy and keep everything connected. Gastronomica wants to be a leader in the Food & Beverage Industry and SAP is going to be our partner on that journey.
